helicopter

No survivors were found when the Coast Guard and volunteer workers searched the wreckage of the Coast Guard Helicopter lost since Tuesday 30 miles north of Eureka. The Coast Guard would not release the number and names of the dead but refugees were aboard. Known to have been aboard the

craft, however, were the pilot, Lt. Donald Prince of San Mateo, co-pilot Sub Lt. Allen Alltree of the Royal Canadian Navy and crewman James Mininger, Jr. of San Francisco. The searching party reached the craft this morning.
